Oct 19-22 [TRB Rural Conference - Omaha NE](#)

Oct 26-28 [OTA Conference - OR](#)

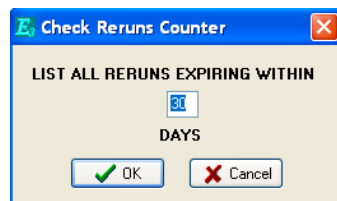

Dec 3-5 [GTA Conference - Athens GA](#)

System Spotlight: Senior Transportation Connection of Cuyahoga County

One of our newest systems the STC has been doing a lot of work, both in switching from their previous system to Easy Rides and helping us make Easy Rides better for everyone. Changes they have inspired include: enhancements to the planner, more data on the trip ticket form, second leg tickets default to the pool, and many more. Use ERAutoUpdater to get the latest copy of Easy Rides and check out all the changes.

Tips and Tricks: Check Rerun Status

In Easy Rides you can get a quick list of all reruns that expire soon by selecting Tools -> Check Rerun Status. Select how far out you want to look, and you will be given a list of all reruns expiring within that time period. You can then edit reruns to extend their expiration date or delete reruns you are no longer using.

New Employees

Please join us in welcoming two new employees into the Mobilitat family.

Karen is our new Director of Finance. She brings 20 years of finance and accounting experience to Mobilitat. She resides in Green River, Wyoming with her husband, Ken and dog, Sadie. In her spare time, she loves to sew and camp.

Christopher McCoy is our new Informations Systems Service Manager. He will be helping with Customer Support, Training and Documentation. In his spare time Chris creates awesome Halloween costumes and dreams of owning chickens and a unicycle.

Upcoming Training

We hold monthly online training sessions to show new or little known features of Easy Rides to make your job easier. Here is the schedule of upcoming training events:

- April and May: One on One Backups. We will be contacting individual systems to help ensure you have a working database backup plan. Feel free to contact us to set up a time to meet with us.
- June 26-27: Pivot Charts in MS Access
- July: TBA

Sessions are usually 20-40 minutes long and you can choose which day to attend. If you would like to participate or would like to suggest a future topic, please contact training@mobilitatsoftware.com

Contact Us
